

Rice Terraces Starts Irrigation

Thursday, 02 June 2011 18:53

Spring irrigation has started in recent days in the Dragon Backbone's Rice Terrace. Now is one of the best periods to see the rice terraces.

The Dragon's Backbone Rice Terraces in Longsheng has over 700 years's history and it is symbolize the wisdom of Zhuang and Yao ethnic groups. There a different view with the changing seasons. Now it is the start of spring irrigation. If you are going to the rice terraces now, you will see each floor of the field is full of water and see traditional sowing by the local farmer's.
